Innovative & Elegant

M·Y·R·A
S T A N D

She blends beautifully and becomes a showcase of innovation and elegance in your hotel lobby, ready to service your guests

This MYRA model is designed for both indoor and outdoor use. Wherever you place MYRA, her sleek stylish design will attract guests attention. You can choose the color combination of your choice to highlight your brand, or let her compliment and blend with the surroundings. The screen can be configured to promote your brand.

All MYRA models come with a passport/ID scanner, a room RFID Key Card Encoder dispenser, Self-Service Payment System for Credit Cards using Unattended Payment Terminals and a camera.

MYRA in the Palm of Your Hand

You can have all the kiosks information on your smartphone. You will be able to fully monitor the status of every MYRA kiosk in real time: how many guests have checked-in today, how many key cards are left in the kiosk, etc.
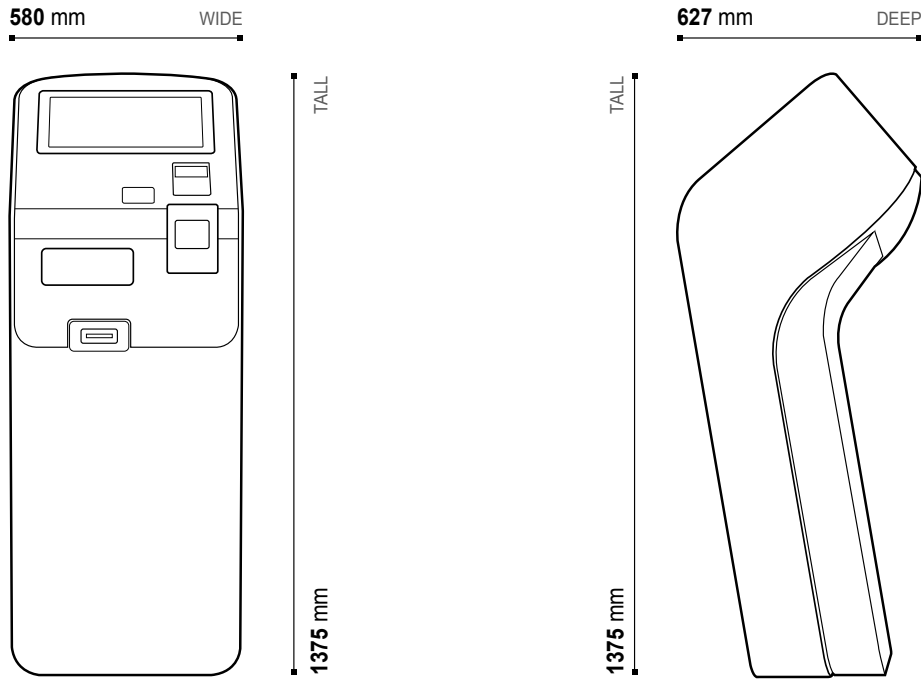

EASY TO MAINTAIN with 24×7 SUPPORT

Our self service check-in solution is very easy to maintain.

With MYRA, it's very simple to swap out a part or device. And since MYRA is constantly checking on herself, she will react automatically and provide instant notification

Our support team is on-hand at any time, providing 24×7 support, in order to expedite any assistance that may be needed.
